

TRI-COUNTIES REGIONAL CENTER

Enhancing the Quality of Life for Persons with Developmental Disabilities

Policies & Guidelines

Policies and Guidelines - 6100

SERVICE POLICY

Outreach and Public Information

Tri-Counties Regional Center is committed to regular and ongoing outreach activities in its service area to promote participation in the regional center system by eligible persons and their families.

Outreach activities will address not only the general public but specific target groups such as non-English speaking populations and/or high risk or high incidence populations or geographic areas.

Public information activities will be designed to improve public awareness of the special needs of persons with developmental disabilities and to promote positive public images and full community participation. Tri-Counties Regional Center will participate with community efforts in the provision of prevention services through public information.
